

SPECIAL REQUEST FOR PUBLICATION SUPPORT

Guidelines

Faculty can, under special circumstances, request support of up to \$500 to cover costs associated with the publication of research results. It is expected that the researcher has already contributed any available grant and PD money to this publication.

The allocation is administered by Research Services, following approval of the request by the Faculty Dean and the Provost & Vice-President, Academic & Research.

Support will be considered after the researcher has submitted the request with a copy of the manuscript and a copy of the contract signed with an approved scholarly publisher.

Process:

Application is available for completion in Romeo

<https://nipissing.researchservicesoffice.com/Romeo.Researcher/Login.aspx?ReturnUrl=%2ffromeo.researcher%2fdefault.aspx>

Upload a copy of your manuscript and all relevant documents to the application

Once reviewed, Research Services will notify you of the final decision via Romeo.
